Technical Specifications

Model	Big Solar LED Streetlight
Model Code	BSL 0638/00416
Wattage	150W
Lumens	22500Lm
Efficiency	150Lm/W
Driver Efficiency	>90%
CRI (Ra)	>70 Ra
CCT	5000K
Adjustable Angle	-15 D - + 15 D
Light Distribution	Type I Type II Type III Type IV
Working Voltage	100 – 277V AC
Frequency	50Hz – 60Hz
IP Rating	IP66
Lifetime	> 60.000h
Power Factor	>0.99
Overvoltage Protection	6 KV
Working Temperature	-20°C - +60°C
Class	I (Optional II)
Installation	Bracket and Post Top
Material	Die Cast Aluminum
Dimmable	1 – 10V Optional
Shorting Cup	Optional
Paint Method	Electrostatic
Weight	7 Kg
Safety Switch	Knife Type
Maintenance	Easy Click Open
Energy Class	A ⁺⁺
Color	Silver
Warranty	5 Years

Dimensions

Distribution Curve

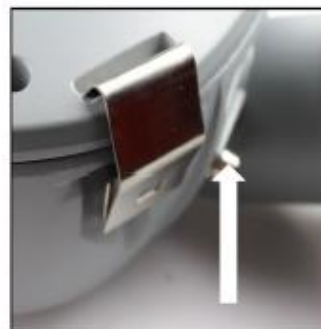

Adjustable Bracket and Click Open

Loose screws ① to fix the fixture on Pole, then tighten screws

The angle of the adaptor can be adjusted by loosening screws ②

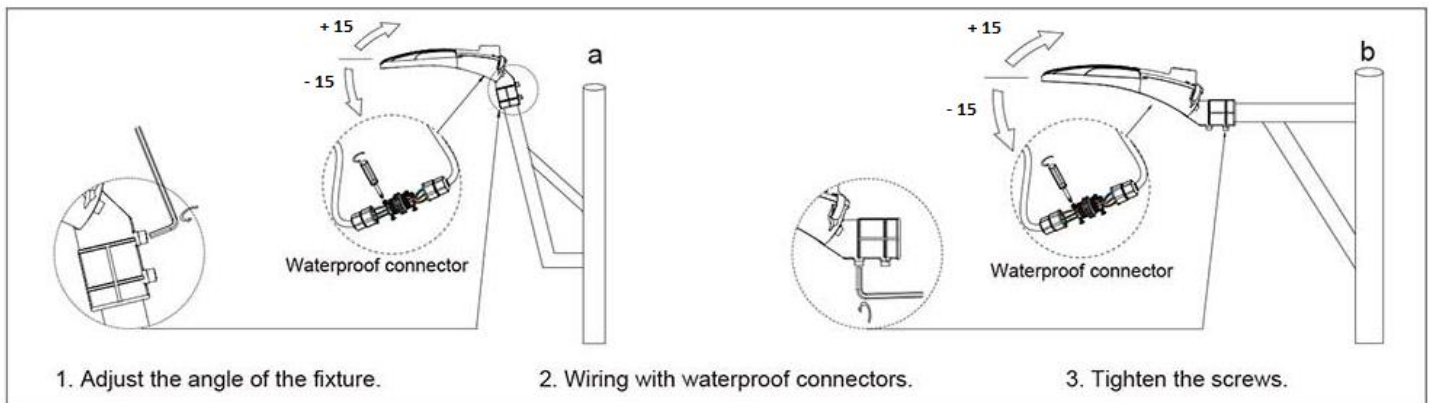

If you want to replace driver, just open driver box through the buckle as the direction of above photo shown.

Dimmable Version (7 Pin NEMA Socked)
